

## Lighting up for Key Workers!

Neath Castle will become a blue beacon in the Town to show solidarity with the NHS and its frontline staff during the coronavirus pandemic. Neath Town Council will light up the iconic landmark blue which will change from Thursday, April 23<sup>rd</sup> to coincide with a movement across the country to “Clap for our Carers’ at 8pm.

Cllr Bob Price, Neath Town Mayor stated that it was hoped that the lighting of Neath Castle would demonstrate the town’s appreciation for all NHS and key workers and act as a reminder that we are all in this together. He said “NHS staff and all key workers are working constantly to deliver vital services which are very much appreciated. This is our way of show our thanks for all that they continue to do. These are extremely challenging times with us having to spend time physically apart from loved ones and friends so it’s more important than ever to try and connect with people in different ways.”
